

# CSIR BURSARY PROGRAMME 2017

PEOPLE BEHIND IDEAS THAT WORK

## Honours Bursary Call for Applications:

To realise how important and powerful science is, it helps to imagine a world without it... There would simply be no improvement. The reason that this world does not exist is because organisations like the CSIR are here. Armed with some of the best minds in the world, we work on trying to solve problems that can help all South Africans.

The CSIR hereby invites applications from students wishing to register for Honours or equivalent degrees for the 2017 academic year in the fields of science, engineering and technology.

This is a comprehensive bursary and it covers all the costs associated with university studies, such as:

Registration fees

Tuition fees

Books

Accommodation

Living allowance

Laptop allowance

Academic merit will be considered during the selection process, as well as the imperative to increase the participation of women and black people in science, engineering and technology.

### Requirements:

- Must be a South African citizen
- Planning to enrol full-time at a South African university for 2017
- Must have passed all courses for which you have registered at the university for the study period already completed

Please note that applications must be for full-time studies towards an academic degree at an accredited public South African university. Only BTech bursaries are awarded for studies at a university of technology.

**Closing date: 19 June 2016**

### To apply for a bursary:

Go to http:

[//www.csir.co.za/recruitment/bursary.php](http://www.csir.co.za/recruitment/bursary.php)

Should you experience any problems in submitting your application, please contact the CSIR bursary office on **bursaryprogramme@csir.co.za** or **(012) 841 3256**

*The CSIR is a responsible employer; we have put measures in place to ensure that equity is implemented such that it best serves the interests of the organisation and South Africa as a whole. Preference will be given to applicants from previously disadvantaged backgrounds and people living with disabilities. This speaks to the CSIR's commitment to the Employment Equity Act of 1998.*

# CSIR BURSARY PROGRAMME 2017

PEOPLE BEHIND IDEAS THAT WORK

## Undergraduate Bursary Call for Applications:

To realise how important and powerful science is, it helps to imagine a world without it... There would simply be no improvement. The reason that this world does not exist is because organisations like the CSIR are here. Armed with some of the best minds in the world, we work on trying to solve problems that can help all South Africans and make a significant contribution to the global wealth of knowledge.

The CSIR hereby invites bursary applications from talented young people wishing to pursue a career in research, technology development and innovation. The CSIR Undergraduate Bursary Programme is open to all academically qualifying young people and also aims to attract and increase participation of women and black people in science, engineering and technology. If you are a South African citizen successfully pursuing a science or engineering degree at a South African university or a Grade 12 Learner aiming to study for a degree in science or engineering in 2017, the CSIR bursary is for you.

This is a comprehensive bursary that covers all the costs associated with university studies, such as:

Registration fees

Tuition fees

Books

Accommodation

Living allowance

Laptop allowance

### Requirements

#### Grade 12 learners:

- Must be a South African citizen
- A minimum of a Level 5 for English (First Language or a English Second Language) in Grade 11
- Preferably level 6 for Mathematics and Physical Science in Grade 11
- Enrol for BSc or BEng full-time at a public tertiary institution

#### University students:

- Must be a South African citizen
- Must have passed all courses for which you have registered at the university for the study period already completed

**Closing date: 19 June 2016**
